To the Citizens of Claremont

The board of selectmen take pleasure in submitting the reports of the various departments and accounts of the officials of the town for the year ending January 31, 1921.

The Town debt has been reduced \$38,962.26 this year and the balance in the Town Treasury is \$9,439.45 more than last year.

The practice of non-allowance of a discount on taxes paid previous to December 1st, has not been in practice for the past two years and it is the opinion of the selectmen, even though the State Tax Commissioners do not approve of it, that it would be to the best interest of the town to return to the discount method.

We would suggest a flat discount of 4 per cent on all taxes paid before August 1st, and 3 per cent on all taxes paid from August 1st, to September 15th, and that no discount be allowed after September 15th.

The granting of the free use of the opera house and town hall to societies and organizations by the voters has reached a condition that needs attention, as the demand for this courtesy is increasing each year and has reached a state wherein it gives a wrong impression in regard to the earning capacity and cost of maintenance.

The money raised and appropriated, for State Aid Road Construction, was expended after completing the Cornish Road and work begun on the construction work of the Puckershire road from the fordway toward Unity. It is believed that this section of highway might be finished the coming season.

The several appropriations voted for street draining could not be fully carried out owing to the delayed delivery of material.

The tile for Woodland Street arrived the first of November and was installed; that for Main Street did not arrive until

after the ground had frozen; the tile for Park Avenue has not been received at the present time. All the tile was ordered last April.

The matter of purchasing a Scarifier was taken up immediately after town meeting and the device has proved a most efficient accessory to the highway department's equipment. It has been the means of making more and better roads at less expense than other methods so far tried.

The heavy snow fall during the big storms, at the beginning of the year, caused a severe drain on the Highway Department's finances, and \$4,000.00 was expended in removing the snow. This so reduced the appropriation that it proved insufficient to take care of the necessary repair work during the season.

The maintenance report relative to the town building, is made more than ordinarily large, owing to the fact that the cellar now contains sufficient coal to go another season, but its cost is recorded in this year's report.

The printing of the town reports was reluctantly given to out of town parties, necessitated by the fact that neither one of the two local printing establishments were able to handle the work.

Signed

ARTHUR L. FITCH,
JOHN M. HOWE
HARTLEY L. BROOKS,

Selectmen of Claremont

The circulation of books and magazines for home use exceeded that of 1919 by 2864 items and that of 1918 by 6678. The entire number for 1919 was 42,875, a daily average of 139.

Seven hundred and fourteen books have been added, two hundred and thirty-one being gifts.

The interest in adding programs, books, views, deeds and other records of town activities has been more manifest than in other years.

Valuable matter has been given by Mrs. L. E. Chellis-Story, Miss Charlotte Long, Miss Maria Spencer, Mrs. L. A. Parker, Mrs. Claude L. Powers, Mr. G. Herbert Bartlett, and Messers. Croft and Elmer.

Mr. Harold C. Rugg of Hanover, Miss M. C. Fay of Felchville, Vt., and Mr. F. B. Danforth of West Roxbury, Mass., have contributed imprints, pamphlets and other interesting matter.

Books were given by Mrs. Charles Fuller, Miss Frances J. Tolles, Mr. Irving Story, Mrs. George H. Wood, Dr. and Mrs. Francis C. Wood, Miss Partridge, Miss Charlotte Long, Mrs. Charles H. Long, Mrs. Clifton Densmore, Mrs. H. C. Sanders, Jr., Mrs. Anna Gartland and Alcide Leblanc.

The Way Collection has been much enlarged by the bequest of Mrs. O. B. Way's library.

Magazines have been received from Miss Barucci, Miss Gilmore, Mrs. Story, Mrs. Ide, Mrs. I. G. Colby, Miss Partridge, the Chamber of Commerce, Miss Margaret Carroll, Miss Clara Knights, the Parish Aid Society of Trinity Church and Pomona Grange.

Interesting old time almanacs and newspapers were given by Mrs. H. B. Glidden. Mrs. E. G. Luce gave the New York Herald, September-October 1811, then a semi-weekly paper.

The collection of autographs has been added to by Mr. H. N. Hurd.

Dr. H. C. Sanders has brought the file of the New Hamp-

shire Medical Society's Transactions to date with the volumes for 1918 and 1919.

Miss Mary Peasley added to former gifts of old time home life a toaster of rare type and a broiler.

Miss Gilmore attended two library meetings, that of New England Library Clubs, at the Isles of Shoals, and the State Association held in Concord and had a week at the Library School held at Durham under the auspices of the State College and the New Hampshire Library Commission. Mrs. Kingsley also took advantage of the instruction given at the Library School.

The Woman's Club very kindly took charge of the Books for Everybody Movement of the American Library Association with the result that nearly three hundred dollars were raised.

Report of Health Officer

To the Board of Selectmen:

Reports of communicable diseases during the year ending January 31, 1921 were made as follows: scarlet fever, 23; typhoid fever, 2; diphtheria, 1; venereal diseases, 36. Five deaths from tuberculosis were reported, and there were three other cases of this disease.

Some ninety-three rooms were fumigated during the year.

Nuisances were complained of and attended to as follows:

Dirty premises,	18
Dead animals,	8
Defective drains,	12
Overflowing cesspools,	4
Manure pile,	1
Privies,	5
Dump,	1
Pig sties,	4
Hens,	1
Miscellaneous,	16

Eight signs have been posted. Samples of water have been sent regularly from the Tyler and Grannis systems and from the railroad station and the spring at Claremont Junction, to the Laboratory of Hygiene for analysis.

The collection of garbage was made from May 1 to November 15 for the sum of \$500.

As a means of fighting the venereal diseases a free clinic has been established by the state authorities at Concord.

Respectfully submitted,

F. W. JOHNSTON,

Health Officer.

Report of Stevens High School

To Stevens High School Committee:

I take pleasure in submitting, herewith, my second annual report of Stevens High School. Since the last report a full year has been completed in the joint supervision of Claremont School District and Stevens High School. The room at 16 Union Block has been the central office but much of the conference work has been done in Stevens High School building.

The year opened in September with several new teachers to fill the places of those who left in June. Special mention should be made of the loss sustained by the school when Miss Mary I. Gunn left, after a long term of years, to accept a more lucrative position in Connecticut. Gardner Hazen, the popular and successful coach left to accept a position in a large school in Everett, Massachusetts. The position in the office of the headmaster, formerly held by Miss Verna M. Hardy, has been very acceptably filled by Miss Esther Perry.

Following the report to the State Department in June, commendations on last year's work relate to requirements for daily readings in a Spanish newspaper; practical work and excursions in Economics and Business Practices, Book-keeping and Commercial Geography; practical work in Office practice; the formation of a first aid group in Nursing and Physiology and the work with magazines in English.

Appreciation is expressed of the fact that several teachers attended summer school, thus preparing themselves better to serve the people of Claremont. Teachers' meetings have been held with speakers such as Commissioner Butterfield, Director Mason of Keene Normal and Dr. Adams of Plymouth Normal.

Headmaster Kellogg ably assisted by both the older and newer teachers is working faithfully for the welfare of the school. In the work since September, special mention should be made of the new plan in the English department by which pupils are given special drill by Miss Forsyth in expression. Programs are prepared which are given before public audiences and the pupils are showing marked interest and improvement. Parents should take time to visit these exercises and become familiar with the work.

Practical parliamentary work is being done in United States History and practical problem work is being taken up in Economics, Commercial Geography, the Science laboratories and the Practical Arts departments. Classes in Mathematics, English and Foreign Languages are doing good work with special emphasis in the language groups on use of newspapers and magazines. The French Club is still a commendable part of this work.

Miss Katherine M. Dort has had charge of the work in drawing. A very pleasing and practical feature has been the designing and painting of calendars which have been highly commended and readily sold.

The music work has continued under the direction of Mr. Ladd. Chorus and instrumental work have been well done. It is expected that a school band will soon be started.

The work of medical inspection has progressed under the care of Dr. R. H. Brooks as physician and Miss Daisy M. Connor as nurse. Any pupil absent on account of sickness reports to the nurse on his return. A first aid group from the class in Physiology and Nursing, is organized to assist in case of any emergency. This work should certainly be continued as a settled part of the school policy.

The committee has generously continued to allow the use of the building for evening school work. This is a right use of the building and is much appreciated.

During the summer the old assembly hall was remodelled and divided into three class rooms in which the commercial department has been located. This puts all the laboratory courses, except the mechanic arts, on the third floor. The

old commercial room has become the new English department with a library reading room on the side. A counter, gas range and coffee tanks have been installed in the basement where lunches of sandwiches, beef tea and cocoa are being served. The halls and several rooms have been repainted.

Attention is called to the need of repairs on the fence and also to the need of sidewalks on the Summer Street and Middle Street sides of the yard. These walks are low and very muddy during the rainy seasons. The school is very much in need of a gymnasium. With such splendid interest and accomplishment in athletics and with such an urgent need of physical training, it is much to be regretted that no suitable room is provided for the exercise of such activities.

The work of the school is being correlated with that of the junior high schools and good results are being accomplished.

More pupils seem to be taking the classical curriculum and planning for college work. In the present freshman class seventy-five percent took the practical arts curricula and twenty-five percent the classical curriculum.

Last June a class of fifty-two graduated. The total enrollment this year is two hundred and eighty of which two hundred and fifty-eight are now in attendance.

As the classes graduate, it is very important that a good percentage of the pupils consider teaching as a life work. The country is calling for strong men and women to take charge of the schools. We ought at least to send out as many teachers as we shall need in our schools.

The happiness and wealth of our country depends on the educational welfare of the youth; the schools should be liberally provided with the best of opportunities.

In conclusion, I wish to express my appreciation of the good work of the teachers and the cooperation of the school committee.

Respectfully submitted,

F. W. JACKSON,

Superintendent of Schools.

STILL ALARMS

The still alarms, were in some instances the nucleus of severe fires, but, owing to the use of the telephone and the quick response of the department the fires were reached in their infancy. These still alarms besides saving much property damage also saved the town expense by not calling out the entire department as a bell alarm necessarily does.

Even though the still alarm can be advantageously used the pulling of a box alarm should be resorted to when deemed advisable, or when a fire has secured considerable headway.

There have been no costly fires during the year and Claremont has escaped any serious conflagrations such as some of our neighboring towns and cities have experienced.

HYDRANTS

One new hydrant has been installed the past year at the corner of Pearl and School Streets.

RECOMMENDATIONS

I recommend the purchase of a "jumping net" for life saving purposes, now that many of our business blocks have been turned into house keeping apartments; also the purchasing of new fire alarm boxes, as there is apparent need, at the present time for several at different parts of the town; also the purchase of rubber coats for the firemen, and several minor essentials greatly needed at the time.

FIRE ALARM SYSTEM

The new elements purchased last year for the fire alarm system have been installed and have proved to be a great addition, making the system more efficient.

REMARKS

Our equipment is considered exceptionally good for a town the size of Claremont and during the past year there has been opportunity to demonstrate its worth. With five men stationed at the Central station it gives a fair working force to fight minor fires or begin action at larger ones while the call men are responding.

Our firemen have proved just as valuable as our equipment and every member takes pride in his work; together with the apparatus have been equal to every emergency. The loyal support of the public gives them an incentive to do their best at all times for appreciation is half the battle after a hard fight.

C. E. SEARS,

Chief Engineer.

Monadnock Park

To the Citizens of Claremont, N. H.:

The Monadnock Park Commission herewith submit a report for your consideration, covering the work done in development of the park during the past year.

Two tennis courts were added now making a total of four, which were constantly in use.

We expect to add at least one more court during the coming year.

The children's corner was open from May until late in September, under the supervision of a trained instructor, who directed the children's play, also teaching them games.

An outdoor basketball court was constructed on this corner, and some more apparatus for the children has been purchased to be installed in the Spring. About 100 children were present daily, coming from all parts of the town.

The indoor rifle range under the grandstand has been in use nearly every evening this winter by the members of the Claremont Rifle and Pistol Club, State guard, and the general public interested in this sport.

Several hundred loads of material have been added to the road which extends around the park and connects the Broad St. with the Chestnut St. entrance. This material has been contributed by the Sullivan Machinery Company.

The baseball field was in constant use from April to November for baseball and football, being utilized both by school and shop teams.

About one hundred and seventy-five (\$175.00) was realized from the rental of the field and grandstand for baseball by the Sullivan Shop team.

The skating rink was installed in a new location this winter, adjacent to the Chestnut Street entrance, where it was possible to provide a natural pond by directing the flow of

a brook onto this land. In previous years the tennis courts have been flooded to provide a skating rink, which entailed more expense, and some damage to the courts.

The new rink is located on land belonging to the Monadnock Mills which will be offered as an additional gift by that corporation for acceptance by the town this year.

The park is in active operation at all seasons of the year, and is a source of recreation and pleasure to many thousands of our townspeople.

The larger developments are accomplished, but much has yet to be done in the matter of improvements, and beautifying, before this tract of land can be a finished park.

Your committee again requests for your consideration that the sum of five thousand dollars (\$5,000.00) be appropriated for the continuance of this work for another year, about one half of which is required for maintenance.
